Put the squeeze on caulking labor costs.

Caulk Master® air power gets the job done five times faster than manual caulk guns.

Manual caulk bead | Caulk Master bead

Caulk Master bead is smoother

3-foot air hose with 1/4" NPT fitting

Unique twist lock bayonet barrel mount

FASTER THAN MANUAL CAULKING 5X faster Caulk Master

Air Powered Dispensing Guns

Caulk Master®

Caulk Master® Air Powered Dispensing Guns

Caulk Master has a dispensing gun to suit your application.

The Caulk Master line of dispensing guns offers both do-it-yourselfers and professionals the most efficient, time saving way yet to apply sealant, caulk, and adhesives. Powered with a standard compressor or air tank, Caulk Master guns dramatically increase productivity, reducing a four hour job to 45 minutes!

PG100 Standard Cartridge
The PG100 is the perfect choice for the serious do-it-yourselfer or occasional use professional. Designed to apply low and medium viscosity materials, it uses standard 10.3 oz. cartridges. Lightweight, high-impact, non-corrosive Valox® construction.

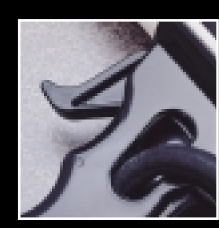

PG151 Multi-cartridge
The PG151 is a 2-in-1 tool that uses both 10.3 and 30 ounce cartridges, making it suitable for any job, large or small. Both the standard sized and large 30 ounce cartridges load easily with Caulk Master's instant load twist lock bayonet barrel mount.

PG140 Sausage Pack
The PG140 will accept any standard 10.3 oz. cartridge, but also has the capability to use sausage style caulk and adhesive packs. Like all other Caulk Master products, both the standard and sausage pack barrels feature instant load twist lock bayonet barrel mount for quick and easy reloading.

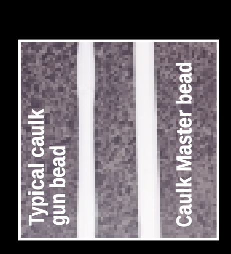

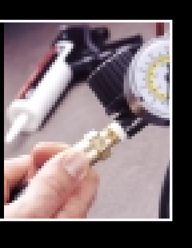

Patented trigger mechanism makes it easy to vary the amount of material being dispensed and reduces operator fatigue.

Caulk Master provides a smooth, even flow of material for a superior bead in a fraction of the time needed by old manual methods.

All Caulk Master dispensing guns come with a 3-foot air hose and standard 1/4" NPT fitting. Easily connects to a high-pressure regulator and air tank or compressor.
(purchase separately)

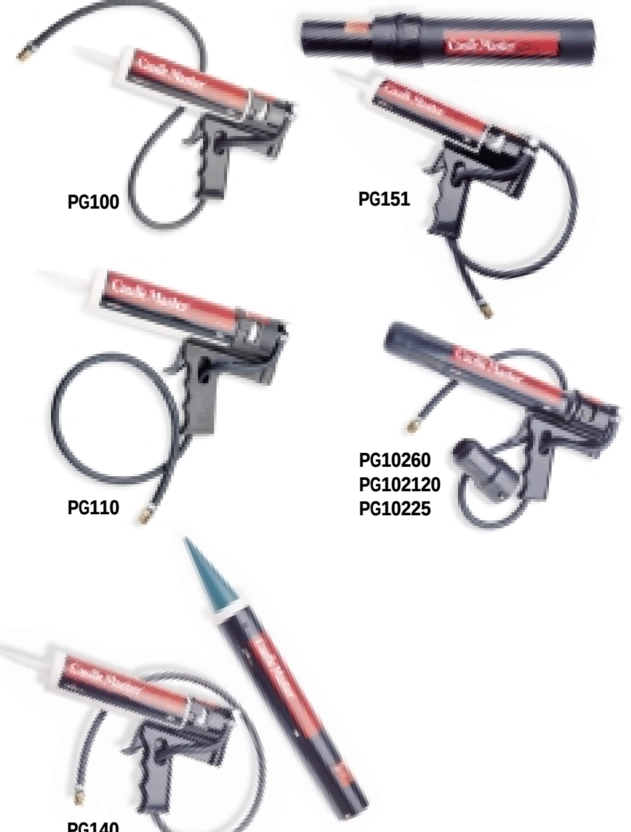

Saving time and much more.

Whether you're a do-it-yourselfer or a pro, Caulk Master can dramatically increase your productivity and make it easier for you to produce the perfect bead...all while reducing fatigue and the chance of injury.

Caulk Master air powered dispensing guns give you a level of control simply unattainable with manual guns. The patented trigger mechanism gives you the exact amount of caulk, sealant, or adhesive you need, so you can dispense material at a smooth, steady pace. Even "weep" at the end of a run is a thing of the past...when you stop squeezing the trigger, the flow stops immediately.

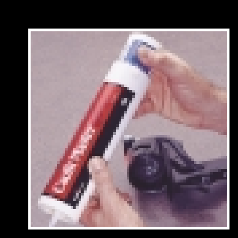

It's no wonder that demanding industries such as construction, automotive, marine, and aerospace are loyal users of Caulk Master products.

Cat. No.	Contents
PG100	**Valox Gun Body,** 3-foot air hose with 1/4" NPT fitting, 10.3 oz. cartridge barrel 70 PSI max.
PG110	**Aluminum Gun Body,** 3-foot air hose with 1/4" NPT fitting, 10.3 oz. aluminum cartridge barrel, 100 PSI max.
PG140	**Valox Gun Body,** 3-foot air hose with 1/4" NPT fitting, 10.3 oz. and sausage cartridge barrels, 70 PSI max.
PG151	**Valox Gun Body,** 3-foot air hose with 1/4" NPT fitting, 10.3 oz. and 30 oz. cartridge barrels, 70 PSI max.
PG10260	**Valox Gun Body,** 3-foot air hose with 1/4" NPT fitting, 6 oz. metal aerospace cartridge barrel, 70 PSI max.
PG102120	**Valox Gun Body,** 3-foot air hose with 1/4" NPT fitting, 12 oz. metal aerospace cartridge barrel, 70 PSI max.
PG10225	**Valox Gun Body,** 3-foot air hose with 1/4" NPT fitting, 2.5 oz. metal aerospace cartridge barrel, 70 PSI max.

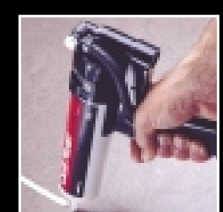

1. Twist barrel to unlock. Remove empty cartridge

2. Drop in new cartridge and twist barrel to lock

3. Get back to work. Its that simple!
